**PROXY STATEMENT AND INFORMATION CIRCULAR
FOR THE ANNUAL MEETING OF SHAREHOLDERS
TO BE HELD ON JUNE 4, 2015**

PURPOSE OF SOLICITATION

This proxy statement and information circular ("Information Circular") is furnished in connection with the solicitation of proxies by the management of Cequence Energy Ltd. ("Cequence" or the "Company") for use at the annual meeting (the "Meeting") of the holders ("Shareholders") of common shares ("Common Shares") of Cequence.

The Meeting will be held at 525 – 8th Avenue S.W., 4th Floor Conference Centre, Calgary, Alberta, at 3:00 pm (Calgary time) on June 4, 2015 and at any adjournments thereof for the purposes set forth in the Notice of Annual Meeting of Shareholders (the "**Notice of Meeting**") accompanying this Information Circular. Information contained herein is given as of May 7, 2015 unless otherwise specifically stated.

Solicitation of proxies will be primarily by mail but may also be made by telephone, facsimile, electronically or in person by directors, officers and employees of Cequence who will not be additionally compensated. Brokers, nominees or other persons holding Common Shares in their names for others will be reimbursed for their reasonable charges and expenses in forwarding proxies and proxy material to the beneficial owners of such Common Shares. The costs of soliciting proxies will be borne by Cequence.

APPOINTMENT AND REVOCATION OF PROXIES

Enclosed herewith is a form of proxy for use at the Meeting. The persons named in the form of proxy are directors and/or officers of Cequence. **A Shareholder submitting a proxy has the right to appoint a nominee (who need not be a Shareholder) to represent such Shareholder at the Meeting other than the persons designated in the enclosed form of proxy by inserting the name of the chosen nominee in the space provided for that purpose on the form of proxy and by striking out the printed names.**

A form of proxy will not be valid for the Meeting or any adjournment thereof unless it is signed by the Shareholder or by the Shareholder's attorney authorized in writing or, if the Shareholder is a corporation, it must be executed by a duly authorized officer or attorney thereof. The proxy, to be acted upon must be deposited with Valiant Trust Company, the registrar and transfer agent of the Company, at 310, 606 – 4th Street S.W., Calgary, AB T2P 1T1, or by facsimile, at (403) 233-2857, by no later than 5:00 p.m. (Calgary time) on June 2, 2015 or two days (not including Saturdays, Sundays and statutory holidays observed in Calgary, Alberta) preceding the date of any adjournment.

A Shareholder who has given a proxy may revoke it prior to its use, in any manner permitted by law, including by instrument in writing executed by the Shareholder or by his or her attorney authorized in writing or, if the Shareholder is a corporation, executed by a duly authorized officer or attorney thereof and deposited at the registered office of the Company at any time up to and including the last day (not including Saturdays, Sundays and statutory holidays observed in Calgary, Alberta) preceding the day of the Meeting, or any adjournment thereof, at which the proxy is to be used or with the chairman of the Meeting on the day of the Meeting or any adjournment thereof.

ADVICE TO BENEFICIAL HOLDERS OF COMMON SHARES

The information set forth in this section is of significant importance to many Shareholders, as a substantial number of Shareholders do not hold Common Shares in their own name. Shareholders who do not hold their Common Shares in their own name (referred to in this Information Circular as "**Beneficial Shareholders**") should note that only proxies deposited by Shareholders whose names appear on the records of Cequence as the registered Shareholders can be recognized and acted upon at the Meeting. If Common Shares are listed in an account statement provided to a Shareholder by a broker, then in almost all cases those Common Shares will not be registered in the Shareholder's name on the records of Cequence. Such Common Shares will more likely be registered under the names of the Shareholder's broker or an agent of that broker. In Canada, the vast majority of such shares are registered under the name of "CDS & Co." (the registration name for CDS Depository and Clearing

Services Inc., which acts as nominee for many Canadian brokerage firms). Common Shares held by brokers or their agents or nominees can only be voted (for or against resolutions) upon the instructions of the Beneficial Shareholder. Without specific instructions, brokers and their agents and nominees are prohibited from voting Common Shares for the broker's clients. **Therefore, Beneficial Shareholders should ensure that instructions respecting the voting of their Common Shares are communicated to the appropriate person.**

Applicable regulatory policy requires intermediaries/brokers to seek voting instructions from Beneficial Shareholders in advance of Shareholders' meetings. Every intermediary/broker has its own mailing procedures and provides its own return instructions which should be carefully followed by Beneficial Shareholders in order to ensure that their Common Shares are voted at the Meeting. Often, the form of proxy supplied to a Beneficial Shareholder by its broker is identical to the form of proxy provided to registered Shareholders; however, its purpose is limited to instructing the registered Shareholder how to vote on behalf of the Beneficial Shareholder. The majority of brokers now delegate responsibility for obtaining instructions from clients to Broadridge Financial Services Inc. ("**Broadridge**"). Broadridge typically mails a scanable voting instruction form in lieu of the form of proxy. The Beneficial Shareholder is requested to complete and return the voting instruction form to them by mail or facsimile. Alternatively, the Beneficial Shareholder can call a toll-free telephone number or visit www.proxyvote.com to vote the Common Shares held by the Beneficial Shareholder. Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of Common Shares to be represented at the Meeting. A Beneficial Shareholder receiving a voting instruction form cannot use that voting instruction form to vote Common Shares directly at the Meeting as the voting instruction form must be returned as directed by Broadridge well in advance of the Meeting in order to have the Common Shares voted.

Although a Beneficial Shareholder may not be recognized directly at the Meeting for the purposes of voting Common Shares registered in the name of his or her broker (or agent of the broker), a Beneficial Shareholder may attend at the Meeting as proxyholder for a registered Shareholder and vote the Common Shares in that capacity. Beneficial Shareholders who wish to attend at the Meeting and indirectly vote their Common Shares as proxyholder for a registered Shareholder should enter their own names in the blank space on the instrument of proxy provided to them and return the same to their broker (or the broker's agent) in accordance with the instructions provided by such broker (or agent), well in advance of the Meeting.

VOTING OF PROXIES

All Common Shares represented at the Meeting by properly executed proxies will be voted on any matter that may be called for and, where a choice with respect to any matter to be acted upon has been specified in the accompanying form of proxy, the Common Shares represented by the proxy will be voted in accordance with such instructions. **In the absence of any such instruction, the persons whose names appear on the printed form of proxy will vote in favour of all the matters set out thereon. The enclosed form of proxy confers discretionary authority upon the persons named therein. If any other business or amendments or variations to matters identified in the Notice of Meeting properly comes before the Meeting then discretionary authority is conferred upon the person appointed in the proxy to vote in the manner they see fit, in accordance with their best judgment.**

At the time of the printing of this Information Circular, management of Cequence knew of no such amendment, variation or other matter to come before the Meeting other than the matters referred to in the Notice of Meeting.

VOTING BY INTERNET

Shareholders (other than Beneficial Shareholders) may use the internet site at www.valianttrust.com to transmit their voting instructions. Shareholders should have the form of proxy in hand when they access the website and will be prompted to enter their Control Number, which is located on the form of proxy. If Shareholders vote by internet, their vote must be received not later than 5:00 p.m. (Calgary time) on June 2, 2015 or 48 hours (excluding Saturdays, Sundays and statutory holidays) prior to the time of any adjournment of the Meeting. **The website may be used to appoint a proxy holder to attend and vote**

on a Shareholder's behalf at the Meeting and to convey a Shareholder's voting instructions. Please note that if a Shareholder appoints a proxy holder and submits their voting instructions and subsequently wishes to change their appointment, a Shareholder may resubmit their proxy and/or voting direction, prior to the deadline noted above. When resubmitting a proxy, the most recently submitted proxy will be recognized as the only valid one, and all previous proxies submitted will be disregarded and considered as revoked, provided that the last proxy is submitted by the deadline noted above.

VOTING SHARES AND PRINCIPAL HOLDERS THEREOF

The board of directors of Cequence (the "**Board**") has fixed May 4, 2015 as the record date. Shareholders at the close of business on May 4, 2015 are entitled to receive notice of the Meeting and to vote thereat or at any adjournments thereof on the basis of one vote for each Common Share held, except to the extent that: (i) a registered Shareholder has transferred the ownership of any Common Shares subsequent to May 4, 2015; and (ii) the transferee of those Common Shares produces properly endorsed share certificates, or otherwise establishes that he or she owns the Common Shares and demands, not later than 10 days before the Meeting, that his or her name be included on the list of persons entitled to vote at the Meeting, in which case, the transferee shall be entitled to vote such Common Shares at the Meeting. The transfer books will not be closed.

As of the date hereof, 211,027,883 Common Shares were issued and outstanding as fully paid and non-assessable shares in the capital of the Company.

As of the date hereof, to the knowledge of the directors and executive officers of Cequence, there are no persons or companies who beneficially own, directly or indirectly, or control or direct Common Shares carrying 10% or more of the voting rights attached to all of the Common Shares, except as set forth below:

<u>Name</u>	<u>Number of Common Shares Held or Controlled</u>	<u>Percentage of Common Shares Held or Controlled</u>
JOG Limited Partnership No. IV ⁽¹⁾	28,845,874	13.67%

Note:

(1) Includes Common Shares held by JOG Limited Partnership No. III and JOG Limited Partnership No. V.

As at December 31, 2014, the directors and officers of Cequence, as a group, beneficially owned, directly or indirectly, 15,512,837 Common Shares representing approximately 7.4% of the issued and outstanding Common Shares. In addition, the Board of Directors includes representatives of ARC Financial Corp., Kern Partners Ltd. and JOG Capital Corp. who collectively own 59,562,457 common shares representing approximately 28.2% of the issues and outstanding common shares.

INTEREST OF CERTAIN PERSONS IN MATTERS TO BE ACTED ON

Management of Cequence is not aware of any material interest of any director or executive officer or any associate or affiliate of any of the foregoing in any matter to be acted on at the Meeting.

INDEBTEDNESS OF DIRECTORS AND EXECUTIVE OFFICERS

No director, proposed director, executive officer, nor any of their respective associates or affiliates, is or has been indebted to the Company or its subsidiaries since the beginning of the Company's most recently completed financial year.

EXECUTIVE OFFICER AND DIRECTOR COMPENSATION

Compensation Discussion and Analysis

Introduction

The Company's compensation program is administered by the Compensation Committee. As part of its mandate, the Compensation Committee reviews and recommends to the Board the remuneration of the NEOs (as defined herein). The Compensation Committee is also responsible for reviewing the Company's compensation policies and guidelines generally. For a description of the Compensation Committee and its current members, see the Company's Statement of Corporate Governance Practices set out in Appendix "A" to this Information Circular.

The purpose of this Compensation Discussion and Analysis ("**CD&A**") is to provide information about the Company's philosophy, objectives and processes regarding compensation for the Chief Executive Officer ("**CEO**"), the Chief Financial Officer ("**CFO**") and each of the three most highly compensated executive officers of the Company, other than the CEO and CFO, whose total compensation was, individually, more than \$150,000 for the year ended December 31, 2014 (each an "**NEO**" and collectively, the "**NEOs**"). The

CD&A explains how decisions regarding executive compensation are made and the reasoning behind these decisions.

NEOs and Executive Team

For the year ended December 31, 2014 the Company's executive team was comprised of eight members (the "**Executive Team**") and included the following persons who are classified as NEOs for the purposes of this Compensation Discussion and Analysis.

- Paul Wanklyn - President, CEO and Director;
- Todd Brown - Chief Operating Officer;
- David Gillis - Vice President, Finance and CFO;
- Dave Robinson - Vice President, Geology; and
- Chris Soby - Vice President, Land.

In addition, the Executive Team includes: James Jackson, Vice President, Engineering; Mike Stewart, Vice President, Operations; and Stephen Stretch, Vice President Geophysics.

Compensation Philosophy and Objectives of the Compensation Program

The Compensation Committee seeks to encourage growth in reserves, production, cash flow and earnings while focusing on achieving attractive returns on capital in order to enhance shareholder value. To achieve these objectives, the Company believes it is critical to create and maintain a compensation program that attracts and retains committed, highly qualified personnel by providing appropriate rewards and incentives.

The Company's compensation program is designed to reward the performance that contributes to the achievement of the Company's business strategy on both a short-term and long-term basis. In addition, the Company strives to reward qualities that it believes help achieve its strategy such as teamwork; individual performance in light of general economic and industry conditions; integrity and resourcefulness; the ability to manage the Company's existing assets; the ability to identify and pursue new business opportunities; and responsibility and accountability.

Compensation Elements

The Company compensates its NEOs through base salary, cash bonuses and participation in the Company's long-term equity incentive plans (the Option Plan and the RSU Plan), at levels which the Compensation Committee believes are reasonable in light of the performance of the Company under the leadership of the Executive Team. Total compensation is designed to incorporate both short-term and long-term objectives with an emphasis toward long-term performance. Long-term incentives in the form of Option and RSU grants have played a significant role in the compensation of the NEOs, although the compensation mix will vary from year to year. The following table provides a broad overview of the elements of the Company's compensation program during 2014.

Compensation Element	Award Type per Form 51-102F6	Objective	Key Features
Base Salaries	Salary	Provides a fixed level of regularly paid cash compensation for performing day-to-day responsibilities.	Recognizes each NEO's unique value and historical contribution to the success of the Company in light of salary norms in the industry and the general marketplace.
Cash Bonuses	Non-Equity Annual Incentive	Motivates NEOs to achieve key corporate objectives by rewarding the achievement of these objectives.	Discretionary cash payments recommended to the Board by the Compensation Committee based upon the achievement of corporate objectives as discussed in the section entitled " <i>Short-term Incentives</i> " below.

Compensation Element	Award Type per Form 51-102F6	Objective	Key Features
Option Grants	Option-Based Awards	Long-term equity-based incentive compensation that rewards long-term performance by allowing NEOs to participate in the long-term market appreciation of the Common Shares.	Annual and special awards, as recommended to the Board by the Compensation Committee, granted at market price, vesting ratably over three years and having a term of five years.
RSU Grants	Share-Based Awards	Long-term equity-based incentive compensation that rewards long-term performance by allowing NEOs to participate in the long-term market appreciation of the Common Shares.	Annual and special awards, as recommended to the Board by the Compensation Committee, vesting one third on each anniversary date of the grant of such RSU and may be settled for cash, Common Shares or a combination thereof.

Additionally, the NEOs are eligible to participate in the same benefits as offered to all full-time employees including in the Employee Share Ownership Plan ("**ESOP**") which encourages employees to invest in Common Shares through personal contributions and to allow Cequence to assist in such investment through additional contributions. The Company believes these benefits can be used in conjunction with base salary to attract, motivate and retain individuals in a competitive environment.

Cequence does not have a policy governing NEO or director purchases of financial instruments to hedge the market value of equity securities granted as compensation or held by the NEO or director.

Assessment of Compensation

The Compensation Committee recognizes that the success of the Company relies on one of its most important assets, its people (especially its Executive Team) and strives to foster compensation packages that promote the attraction, retention, development and motivation of quality personnel. Compensation of the NEOs has been generally compared against compensation paid to companies in the Company's peer group (namely Artek Exploration Ltd., Chinook Energy Inc., Crew Energy Inc., Delphi Energy Corp., NuVista Energy Ltd., Painted Pony Petroleum Ltd., Perpetual Energy Inc. and RMP Energy Inc.). The Compensation Committee also generally utilizes publicly available compensation information and recommendations made by the CEO in respect of the NEOs (other than himself). In reviewing comparative data, the Compensation Committee does not engage in benchmarking for the purposes of establishing compensation levels relative to any predetermined point. In the Compensation Committee's view, external data provides an insight into external competitiveness, but is not an appropriate single basis for establishing compensation levels. This is primarily due to the differences in the size and operations of comparable corporations and the lack of sufficient appropriate matches to provide statistical relevance. The Compensation Committee can and does exercise both positive and negative discretion in relation to the compensation awards and its allocation between cash and non-cash awards.

Base Salaries

Base salaries are intended to compensate each NEO for their core competencies, skills, experience and contribution to the Company. Base salaries for the NEOs are reviewed annually and take into account the market value of the role and the executive's demonstration of capability. In reviewing base salaries, the Compensation Committee considers several factors, including: the relationship among base salaries paid within the Company and individual experience and contribution, general market conditions and current rate of inflation and competition for qualified personnel. In addition, the Compensation Committee will periodically review commercially available salary survey data and publicly disclosed information of the Company's peers. The Compensation Committee believes that base salaries should be competitive but total compensation should be weighted toward variable, long-term performance based components.

The 2014 base salaries of the Current NEOs included in the "*Summary Compensation Table*" were established primarily on this basis.

Short-term Incentives

All regular full time employees of Cequence, including the NEOs, are eligible for a cash bonus. Cash bonuses to employees are generally paid at the discretion of the Board on the recommendation of the Compensation Committee, based upon the achievement of individual and corporate performance criteria. In the case of an NEO, short-term incentive pay is generally paid at the discretion of the Board on the recommendation of the Compensation Committee exclusively on the basis of corporate performance criteria; however Messrs. Soby and Robinson received special cash bonuses in 2014 in recognition of their performance in connection with the successful sale of Cequence's Ansell assets located in the Deep Basin.

For purposes of calculating the cash bonuses, corporate performance for 2014 was assessed using a combination of financial and operational objectives outlined below:

- finding, development and acquisition costs ("**FD&A**") as calculated using proved plus probable reserves;
- recycle ratio, calculated as operating netback per barrel of oil equivalent divided by the current year proved plus probable reserves FD&A per barrel of oil equivalent;
- production growth to be calculated as year over year growth in average production and growth in annual average production per Common Share, adjusted for changes in debt;
- growth in proved developed producing reserves;
- growth in proved plus probable reserves on a per debt adjusted Common Share basis and on an absolute basis;
- growth in cash flow based on change in cash flow from operations per diluted weighted average Common Shares outstanding;
- controllable cash costs based on the year over year reduction in aggregate controllable cash costs per barrel of oil equivalent (operating expense, general and administrative expense and transportation expense); and
- intangible developments, both positive and negative.

In addition to the performance criteria, the Compensation Committee also considered market and economic trends, extraordinary internal and market-driven events, unanticipated developments and other extenuating circumstances. In sum, the Compensation Committee analyzes the total mix of available information on a qualitative and quantitative basis, in making bonus determinations.

The cash bonuses for the NEOs listed in the "Summary Compensation Table" below were determined on the basis described above. Based on the Company's results for 2014, as measured against the performance criteria and other qualitative factors, the 2014 Executive Team bonus pool was set at \$942,500 representing 46% of the salaries of the Executive Team. Intangible developments for 2014 included the sale of the Ansell assets which were recognized with special bonuses for Messrs. Soby and Robinson. Executive long term compensation in the form of Options and RSUs were not issued in 2014 and were a factor in determining the 2014 Executive Team bonus pool. Total compensation in 2014 for the NEOs ranges from 13% to 25% below the value paid in 2013.

For the year ended December 31, 2015, corporate performance will be determined by reference to the above measures, and the bonus pool will be determined at year end. For such year, bonuses for NEOs are expected to range from 0% to 50% of Cequence's total base salaries. In the event of exceptional performance whereby targets are exceeded on most key performance measures, the Board, on the recommendation of the Compensation Committee, may increase the size of the bonus pool.

Long-term Incentives (Option and RSU Grants)

The allocation of Options and RSUs and the terms of those Options and RSUs are an integral component of the compensation package of the NEOs. The Compensation Committee believes that Option and RSU grants to the NEOs together with meaningful Common Share ownership by such NEOs serves to motivate achievement of the Company's long-term strategic objectives while aligning the interests of management with the Shareholders, the result of which will benefit all Shareholders. Options and RSUs are awarded to employees of the Company (including the NEOs) by the Board based, in part, upon the recommendation of the Compensation Committee, which bases its recommendations, in part, upon recommendations of the CEO relative to the level of responsibility and contribution of the individuals (other than the CEO) toward the Company's goals and objectives. The Compensation Committee exercises its discretion to adjust the number of Options and RSUs awarded based upon its assessment of individual and corporate performance and the anticipated future hiring requirements of the Company.

In determining whether to make any new grants of Options and the size of such grants, the Compensation Committee considers the overall number of Options that are outstanding relative to the number of outstanding Common Shares of the Company and the overall number of Options held by each individual optionee relative to the number of Options that are available under the Option Plan. In addition, when determining whether to make any new grants of RSUs and the size of such grants, the Compensation Committee considers the overall number of RSUs that are outstanding relative to the number of outstanding Common Shares of the Company and the overall number of RSUs held by each individual grantee relative to the number of RSUs that are available under the RSU Plan. The granting of these specific Options and RSUs is reviewed by the Compensation Committee for final recommendation to the Board for approval. The Board will then accept the recommendation (with or without amendments) or reject the recommendation.

The Company also utilizes the grant of Options and RSUs in recruiting new employees. The Company has not historically paid cash signing bonuses.

Employee Share Ownership Plan

The Company's ESOP allows all employees of the Company, including the NEOs, to participate in the plan. The purpose of the ESOP is to make available to the employees a means of acquiring Common Shares through regular payroll deductions and the Company's matching contribution, so that participating employees can have the opportunity to benefit from the growth in the value of the Company through ongoing Common Share ownership. Employees may contribute up to 10% of their gross annual salary to the ESOP, with the Company matching on a 1.5:1 basis. The contributions are used to acquire Common Shares through open market purchases on the Toronto Stock Exchange ("**TSX**"). The Corporate contributions to the ESOP for the NEOs are included in "*All Other Compensation*" in the Summary Compensation Table.

All Other Compensation

All other compensation includes the value of Company paid benefits to NEOs including the value of Company matching ESOP contributions, life insurance, health spending accounts, accidental death and dismemberment coverage, short-term disability coverage and fitness allowances.

Termination and Change of Control Benefits

Each of the NEOs is a party to an executive employment agreement with Cequence pursuant to which Cequence will make a payment to the NEO equal to: (i) the number of months base salary of the NEO specified in such NEO's employment agreement, plus (ii) the bonus paid to the NEO calculated on the basis of the greater of: (A) the bonus approved for payment by the Board to the NEO for the previous fiscal year, and (B) the average bonuses approved for payment by the Board to the NEO for the previous two fiscal years, plus (iii) an amount equal to 20% of the NEO's annual salary, representing compensation for the loss of benefits and perquisites, and in each case less applicable withholdings and deductions (collectively, (i), (ii) and (iii) are referred to herein as the "**Termination Payment**") in the event of

termination without "cause" or in the event of a resignation by the NEO within three months of a "change of control", provided the NEO resigns with "good reason". Under the terms of their executive employment agreements, Mr. Wanklyn is entitled to 24 months base salary, Mr. Brown is entitled to 21 months base salary and Messrs. Gillis, Soby and Robinson are each entitled to 18 months base salary pursuant to the above formula.

A "change of control" is triggered upon occurrence of any of the following: (i) any person, any associate or affiliate of such person or any persons acting jointly or collectively as a group, becomes the beneficial owner, directly or indirectly, of securities of the Company carrying more than one-third of the votes entitled to vote generally on the election of directors of the Company; (ii) upon the implementation of an amalgamation, merger, arrangement, business combination or other similar transaction involving the Company as a result of which (a) persons who were members of the Board immediately prior to such transaction represent less than a majority of the members of the board of directors of the amalgamated, merged, arranged, reorganized, combined or successor Company within three months following the consummation thereof, or (b) persons who were Executive Officers (as such term is defined in the executive employment agreements) immediately prior to such transaction represent less than a majority of the Executive Officers of the amalgamated, merged, arranged, reorganized, combined or successor Company following the consummation thereof; (iii) the completion of any transaction (including the sale, lease or other transfer of assets of the Company) or the first of a series of transactions which would have the same or similar effect or result as any transaction or series of transactions referred to in (i) and (ii) above; (iv) the liquidation, dissolution or winding-up of the Company; or (v) upon the election of a slate of directors at a meeting of the Shareholders where one-third of the directors so elected are not persons who formed the slate of directors proposed by the management of the Company.

As a condition to receiving a Termination Payment, an NEO is obligated to deliver a release of the Company for all damages, suits, debts, sums of money, indemnity, expenses, interest, costs and claims of any and every kind and nature whatsoever relating to such NEO's employment or the NEO's employment agreement, including other benefits connected with such NEO's employment. In addition, as part of the release, such NEO will be required to agree to keep confidential all confidential information of the Company.

Based on annualized base salaries, bonuses and benefits for the year ended December 31, 2014, the table below sets out an estimated Termination Payment that each NEO would have been entitled to if the event resulting in termination of employment occurred on December 31, 2014.

Note:

- (1) In the event of a termination for "just cause", the Company shall have no further obligation to the NEO, other than the payment of annual base salary accrued and unpaid through the date of termination, outstanding expense reimbursements and any statutory vacation pay.

Option Plan

The Option Plan is intended to provide an incentive, in the form of a proprietary interest in Cequence to officers, directors, consultants and employees of the Company or its subsidiaries (collectively, the "**Participants**") who are in a position to contribute materially to the successful operation of the business of the Company, to increase their interest in the Cequence's welfare and to provide a means through which Cequence can attract and retain service providers of outstanding abilities.

The number of Common Shares with respect to which Options may be granted from time to time pursuant to the Option Plan (and any other security based compensation arrangement) shall not exceed a rolling maximum of 10% of Cequence's outstanding Common Shares. Options may be granted as the Board or a committee of the Board (if authorized by the Board) from time to time may determine (the Board or any committee thereof which may be delegated responsibilities from time to time is referred to as the "**Committee**"). The number of Common Shares, when combined with any other share compensation arrangements, issuable (or reserved for issuance) to "insiders" of Cequence and their associates and affiliates may not exceed 10% of the issued and outstanding Common Shares (on a non-diluted basis). The issuance of Common Shares to any one "insider" of Cequence and such insider's associates and affiliates, when combined with any other compensation arrangements, within a one year period may not exceed 10% of the issued and outstanding Common Shares (on a non-diluted basis). The number of Common Shares issuable from treasury in any 12-month period under the Option Plan to any one consultant or employee whose primary function is conducting investor relations activities cannot exceed 2% of the total number of Common Shares outstanding.

The exercise price of Options shall not be less than the Market Price of the Common Shares at the date of granting such Option. Pursuant to the Option Plan, "Market Price" means the volume weighted average trading price of the Common Shares on the TSX, calculated by dividing the total volume of the Common Shares traded by the total value of the Common Shares traded, for the last five trading dates prior to the date on which such Option is granted.

The term and expiry date of the Options granted shall be determined by the Committee at the time of granting of the Options (the "**Fixed Term**"), subject to a Blackout Extension Term (as defined below), but in no event shall an Option be exercisable in whole or in part more than 10 years from the date of grant. In the event that the Fixed Term falls within a period of time imposed by Cequence as a period in which certain designated persons may not trade in securities of Cequence (a "**Blackout Period**"), the expiry date of the Options shall be extended by 10 days (not including Saturdays, Sundays and statutory holidays observed in Calgary, Alberta) from the date any Blackout Period ends (the "**Blackout Extension Term**"), in order to allow the Participant to exercise such Option. The Committee may, in its sole discretion at any time, accelerate or provide for the acceleration of, vesting of Options previously granted.

In the event of the resignation or retirement of a Participant, or the termination of the employment of a Participant, without cause, the Participant may exercise any unexercised Option, but only within the period of 90 days immediately succeeding such cessation or such shorter period as may be set forth in the agreement evidencing the particular Option or such longer period as determined by the Committee in its sole discretion, but in no event beyond the original expiration date of such Option. In the event of the death or permanent disability of a Participant, prior to the expiry time of an Option, any unvested Options vest on the day immediately preceding the date of death or permanent disability, and the Participant's legal representative (in the event of death) or the Participant (in the event of permanent disability) may exercise any unexercised Option at any time within a period of one year immediately succeeding the date of death or permanent disability or such shorter period as may be set forth in the agreement evidencing the particular Option or such longer period as determined by the Committee in its sole discretion, but in no event beyond the original expiration date of such Option. In the event of the termination of the employment of a Participant, with cause, prior to the expiry time of an Option, such Option shall cease and terminate immediately upon the date of notice of such termination and thereafter shall be of no further force or effect whatsoever as to the Common Shares in respect of which such Option has not previously been exercised.

Options are not transferable or assignable by a Participant, except for a limited right of assignment to allow the exercise of Options by a Participant's legal representative in the event of death or permanent disability.

The Committee has the ability to amend the Option Plan or any Option without Shareholder approval to conform to any change in applicable laws, regulations or in other respects that are in the best interests of Cequence, with the following exceptions that require approval of Shareholders: (i) any increase in the number of Common Shares reserved for issuance under the Option Plan; (ii) any change to the categories of individuals eligible to be selected for Option grants, where such change may broaden or increase the participation of insiders under the Option Plan; (iii) the provision of financial assistance to a Participant in connection with the exercise of Options; (iv) the addition of a deferred or restricted share unit or other provision which results in a Participant being issued Common Shares while no cash consideration is received by Cequence; (v) any reduction in the expiry price of an Option; (vi) any extension of the expiry date of an Option; and (vii) an amendment that would permit Options to be transferable or assignable other than for normal estate settlement purposes. Any amendment to the Option Plan shall take effect only with respect to Options granted after the effective date of such amendment, provided that it may apply to any outstanding Options with the mutual consent of Cequence and the Participants to whom such Options have been made.

No financial assistance is provided by Cequence to facilitate the purchase of Common Shares under the Option Plan.

As of the date hereof, there were 18,252,500 Options outstanding under the Option Plan, representing approximately 8.6% of the issued and outstanding Common Shares. Accordingly, there are approximately 2,036,624 unallocated Options available for issuance under the Option Plan.

RSU Plan

The RSU Plan is intended to: (i) strengthen the ability of Cequence and its affiliates to attract and retain qualified employees, officers, directors and consultants ("**Services Providers**"); (ii) align the interests of Service Providers with the interests of the Shareholders; and (iii) focus management of Cequence on operating and financial performance and total long-term Shareholder return by providing an increased incentive to contribute to Cequence's growth and profitability.

RSU awards may be granted to such Service Providers in such numbers as the Committee may from time to time determine. The number of Common Shares which may be reserved for issuance under the RSU Plan and all other security based compensation arrangements of the Company and to any one "insider" of the Company and such insider's associates and affiliates under the RSU Plan and all other security based compensation arrangements of Cequence cannot exceed 10% of the issued and outstanding Common Shares. The number of Common Shares which may be issued to insiders of Cequence and such insiders' associates and affiliates within any one year period under the RSU Plan and all other security based compensation arrangements of Cequence cannot exceed 10% of the total number of Common Shares issued and outstanding. The number of Common Shares issuable in any 12-month period under the RSU Plan to any one consultant or employee whose primary function is conducting investor relations activities cannot exceed 2% of the total number of Common Shares issued and outstanding.

An award under the RSU Plan vests as to one third on each anniversary date following the date such RSU is granted. If an RSU would vest within a Blackout Period, or which vest within five business days after a Blackout Period (other than a Blackout Period imposed due to a cease trade order), the vesting date of the RSUs shall be 10 business days from the date any Blackout Period ends. RSUs are not transferable or assignable by a Service Provider.

An RSU award entitles the grantee thereof to receive, on each applicable vesting date, either: (i) at the election of the Committee (A) the number of Common Shares deliverable on such vesting date pursuant to the terms of the RSU grant or (B) such lesser number of Common Shares as the Committee may determine in partial satisfaction of the number of Common Shares deliverable on such vesting date pursuant to the terms of the RSU grant; and (ii) unless the Committee determines to issue, in full

settlement therefor, Common Shares on such vesting date in respect of an RSU award, a cash payment equal to the fair market value (determined on the basis of a five day volume weighted average) of a Common Share on such vesting date multiplied by the number of RSUs that vest in the grantee on such vesting date.

In the event of the retirement of a Service Provider, any RSUs previously granted to such grantee which did not vest on or prior to the Service Provider's date of retirement shall vest on the 90th day following the effective date of such retirement or the original expiry date of such RSUs, whichever occurs first. In the event of the death of a Service Provider, all RSUs shall vest upon the date of death of such Service Provider. Upon the grantee ceasing to be a Service Provider due to termination not for cause or due to disability, all unvested RSUs held by such grantee shall be terminated on the 90th day following the effective date of such termination or the original expiry date of such RSUs, whichever occurs. If a Service Provider ceases to be a Service Provider as a result of being terminated other than a termination for cause or due to a disability, any RSUs previously granted to such grantee which did not vest on or prior to the Service Provider's date of retirement shall vest on the 90th day following the effective date of such retirement or the original expiry date of such RSUs, whichever occurs first. In the event of the termination of a Service Provider due to involuntary termination for cause, effective as of the date notice is given to the grantee of such termination, all unvested RSUs held by such grantee shall be terminated and forfeited. If a Service Provider ceases to be a Service Provider for any other reason, effective as of the last day of any notice period in respect of such voluntary resignation, all unvested RSUs held by such Service Provider shall be terminated. The Committee has discretion to extend the vesting periods in each of the circumstances described above.

If a change of control (as defined in the RSU Plan) occurs prior to any of the vesting dates respecting an RSU, all of a grantee's RSUs that have not yet vested as of such time shall vest immediately prior to the effective time of the change of control, or such other time as determined advisable by the Committee, provided that such other time is not later than the date that the vesting would have otherwise occurred.

The Committee has the ability to amend the RSU Plan or any RSU award without Shareholder approval to conform to any change in applicable laws, regulations or in other respects that are in the best interests of Cequence, with the following exceptions that require the approval of Shareholders: (i) any increase in the maximum number of Common Shares reserved for issuance under the RSU Plan; (ii) any change to the categories of individuals eligible to be selected for grants of RSU awards, where such change may broaden or increase the participation of "insiders" of Cequence and such insiders' associates and affiliates under the RSU Plan; (iii) any amendment that would permit RSU awards to be transferable or assignable, other than for normal estate settlement purposes; and (iv) any amendment to section 9 of the RSU Plan (regarding amendments and termination to the RSU Plan).

As of the date hereof, there were 813,664 RSUs granted under the RSU Plan, representing approximately 0.4% of the issued and outstanding Common Shares. It is the current policy of the Board that the aggregate number of RSU awards outstanding from time to time cannot exceed 2% of the issued and outstanding Common Shares and the number of dilutive securities cannot exceed 10% of the issued and outstanding Common Shares. Accordingly, there are approximately 2,036,624 unallocated RSUs available for issuance under the RSU Plan.

The trend shown in the above graph does not necessarily correspond to the Company's compensation of the NEOs for the period disclosed above. The Company considers a number of factors in connection with its determination of appropriate levels of compensation including, but not limited to, the demand for and supply of skilled professionals with experience in the oil and gas industry, individual performance, the Company's performance (which is not necessarily tied exclusively to the trading price of the Common Shares on the TSX and other factors discussed under "*Compensation Discussion and Analysis*" above). Mr. Gillis has been employed by the Company since July 2009, Messrs. Wanklyn, Soby and Robinson have been employed by the Company since September 2010 and Mr. Brown has been employed by the Company since August 2014.

The trading price of the Common Shares on the TSX is subject to fluctuation based on a number of factors, many of which are outside the control of the Company. These include, but are not limited to, fluctuations and volatility in commodity prices for crude oil and natural gas, global economic conditions, changes in government, environmental policies, legislation and royalty regimes, and other factors, some of which are disclosed and discussed under the heading "*Risk Factors*" in the annual information form (the "**AIF**") dated March 30, 2015.

CORPORATE GOVERNANCE

The Company's Statement of Corporate Governance Practices is set out in Appendix "A" to this Information Circular.

ANNUAL MEETING MATTERS

Financial Statements

The audited financial statements of the Company for the year ended December 31, 2014 and the report of the auditors thereon will be received at the Meeting. The audited financial statements of the Company and the report of the auditors were provided to each Shareholder entitled to receive a copy of the Notice of Meeting and this Information Circular.

Appointment of Auditors

At the Meeting, Shareholders will be asked to pass a resolution appointing Deloitte LLP, Chartered Accountants, as auditors of the Company, to hold office until the next annual meeting of Shareholders and to authorize the Board to fix the remuneration to be paid thereto. Deloitte LLP (formerly Deloitte & Touche LLP) have been the auditors of Cequence since December 1, 2009.

Election of Directors

It is proposed that eight directors be elected at the Meeting. The enclosed form of proxy or voting instruction form permits Shareholders to vote "for" or to "withhold" their vote in respect of each director nominee. Except where authority to vote on the election of directors is withheld, the persons designated by the Company in the enclosed form of proxy intend to vote for the election of the eight nominees whose names are set forth below. If, due to circumstances not at present foreseen, any of the persons named below should not be available for election, it is intended that the persons named in the accompanying form of proxy will vote for such other person or persons as the Board may recommend.

Subject to the Company's majority voting policy, if a director nominee has more votes withheld than are voted in favour of him or her, the nominee's position as a Board member will then be subject to review by the Board or, at the Board's discretion, the Nominating and Corporate Governance Committee (the "**Governance Committee**"). The Board or Governance Committee, as applicable, may determine, after review and consideration of the circumstances and factors that they reasonably believe underlie and

relate to such vote results, that such nominee does not have sufficient support of the Shareholders, even though the nominee will have been duly elected as a matter of corporate law. After the Board or Governance Committee's review and consideration of such circumstances and factors and if requested by the Board or Governance Committee, as applicable, the nominee will be expected to forthwith submit his or her resignation to the Board, effective on acceptance by the Board.

The following tables set forth, for all persons proposed to be nominated for election as directors, any positions now held by such nominees on any standing committee of the Board, their principal occupations or employment during the preceding five years, the periods during which they have served as directors of the Company, the number of Common Shares and Options beneficially owned, directly or indirectly, by each of them, or over which they exercise control or direction and the value of such Common Shares, their attendance record for meetings held in 2014 while they were directors of the Company and current public board memberships, if any. Each elected director will hold office until the close of the next annual meeting of Shareholders, or until his successor is duly elected or appointed. For the purposes of "Total Amount at Risk" disclosed in the below tables, the value has been calculated in accordance with the closing trading price of the Common Shares on the TSX as at December 31, 2014 of \$1.06.

These matters include overall corporate plans and strategies, budgets, internal controls and management information systems, risk management as well as interim and annual financial and operating results. The Board is also responsible for the approval of all major transactions, including equity issuances, acquisitions and dispositions, as well as the Company's debt and borrowing policies. The Board strives to ensure that actions taken by management correspond closely with the objectives of the Board and Shareholders.

Composition of the Board

Independence

The Board currently consists of eight directors who provide the Company with a wide diversity of business experience. Additional information for each of the directors can be found under the heading "*Meeting Matters - Election of Directors*". Six of the board members (representing 75% of the Board), being Messrs. Archibald, Bannister, Cook, Felesky, Gilbert and Mele are independent directors as such term is defined by National Instrument 58-101, *Disclosure of Corporate Governance Practices* ("**NI 58-101**"). Each of the independent directors has no direct or indirect material relationship with the Company, including any business or other relationship, which could reasonably be expected to interfere with the director's ability to act with a view to the best interest of the Company or which could reasonably be expected to interfere with the exercise of the director's independent judgement.

Mr. Wanklyn is not considered by the Board to be an independent director within the meaning of NI 58-101 in that he also serves as the President and Chief Executive Officer of the Company. Mr. Crone is also not considered by the Board to be an independent director within the meaning of NI 58-101 in that he acted as an executive officer for the Company within the last three years.

Other Directorships

A number of the directors currently serve on the board of directors of the reporting issuers (or equivalent) See "*Meeting Matters - Election of Directors*" in the Information Circular.

Board Meetings

The attendance record for each director for all Board and committee meetings held while such persons were directors and members of specific committees is set forth under the heading "*Meeting Matters - Election of Directors*".

Following all meetings, the Board and its committees conduct *in camera* sessions, at which no members of management or directors who are currently members of management are present. The *in camera* sessions are intended not only to encourage the Board and its committees to fully and independently fulfill their mandates, but also to facilitate the performance of the fiduciary duties and responsibilities of the Board and its committees on behalf of Shareholders.

Each of the written mandates provides that the chair will preside as chairman at each committee meeting and will lead the committee discussion on meeting agenda items.

- complying with all stock exchange, regulatory and statutory requirements.

Orientation and Continuing Education

The Governance Committee is mandated to oversee an orientation and education program for new directors and to provide ongoing educational opportunities for all directors. The objectives of such programs are to ensure that new directors fully understand: (i) the role of the Board and its committees; (ii) the contribution individual directors are expected to make (including, in particular, the commitment of time and resources that the Company expects from its directors); and (iii) the nature and operation of the Company's affairs.

Continuing education opportunities are directed at enabling individual directors to maintain or enhance their skills and abilities as directors, as well as ensuring that their knowledge and understanding of the Company's affairs remains current.

All new directors will be provided with a baseline of knowledge about the Company and its subsidiaries as deemed appropriate.

Ethical Business Conduct

The Company has adopted a Code of Business Conduct and Ethics (the "**Code**"), which applies to all directors, officers, employees, contractors and partners of the Company. A complete copy of the Code is available on SEDAR at www.sedar.com. The Company expects that its directors, officers, employees, contractors and partners will adhere to the highest ethical standards in all of the Company's business

activities. The Company's directors, officers, employees and consultants are expected to deal fairly with securityholders, customers, suppliers and competitors.

The Board and management of Cequence monitor compliance with the Code. All directors, officers, employees, contractors and partners are encouraged to report violations of the Code in accordance with the procedures set forth in the Company's Whistleblower Policy (the "**Whistleblower Policy**"), which provides for the prompt reporting of any violations to an employee's supervisor, or alternatively, to any senior officer or director or to the Chairman. The Whistleblower Policy also promotes, among other things, the disclosure and reporting of any questionable accounting or auditing matters, fraudulent or misleading financial information.

No material change reports have been filed since the beginning of the Company's most recently completed financial year that pertains to any conduct of a director or executive officer that constitutes a departure from the Code.

Each director must disclose all actual or potential conflicts of interest and refrain from voting on matters in which such director has a conflict of interest. In addition, the director must excuse himself from any discussion or decision on any matter in which the director is precluded from voting as a result of a conflict of interest. Pursuant to the Company's Corporate Disclosure Policy (the "**Disclosure Policy**"), the directors and officers of the Company are required to publicly disclose their aggregate ownership interest in any entity which the Company enters into a transaction with.

The Board has reviewed and approved the Disclosure Policy, in order to promote consistent disclosure practices aimed at informative, timely and broadly disseminated disclosure of material information to the market, in accordance with applicable securities legislation.

Nomination of Directors

The process for identifying and recommending the nomination of new Board candidates has been set forth in the written mandate of the Governance Committee. The Governance Committee will work with the Board to determine the competencies and skills the Board considers necessary for the Board, as a whole, to possess, as well as the skills the Board considers each existing director possesses. The Governance Committee will then identify potential Board members from diverse professional and personal backgrounds who combine a broad spectrum of experience and expertise with a reputation for integrity, which assessment will include a consideration of diversity, age, skills, competencies and experience in the context of the needs of the Board.

The Governance Committee makes recommendations to the Board with respect to nominees for election at the next annual meeting of Shareholders or to be appointed to fill vacancies between annual meetings of the Shareholders and will approach nominees to ascertain their willingness to serve as a member of the Board.

Director Term Limits

The Board believes that issues relating to board effectiveness, board renewal and board succession planning are best addressed by a strong chair and Governance Committee and independent-thinking board members. The Board is concerned that imposing arbitrary and inflexible director term limits may result in Cequence losing valued directors at a time when Cequence most needs their skills, qualities and contributions, as well as their knowledge of the history and culture of the Company. Mandatory retirement ages pose the same risk, and the Board does not want to risk the loss of key directors to retirement policies that seem unnecessarily arbitrary and inflexible when such policies may require a high performing director to retire from the Board. As a result, the Board does not feel that it would be appropriate to set term limits for its directors but rather relies on the experience of its members to determine when changes to the Board's composition are appropriate.

Representation of Women on the Board and in Executive Officer Positions

Neither the Board nor the Governance Committee has adopted any written policy relating to the identification and nomination of women directors and do not specifically consider the level of representation of women on the Board in identifying and nominating candidates for election or re-election to the Board. The Board and Governance Committee evaluate potential nominees to the Board by reviewing the individual qualifications of prospective board members by considering such person's diversity, age, skills, competencies and experience, and then, based on that review determines if the candidate's qualifications are relevant taking into consideration the current Board composition and the anticipated skills required to round out the capabilities of the Board.

Cequence has not adopted a specific target regarding women on its Board. When identifying potential nominees to the Board, the Board and Governance Committee focus on the current Board composition and the anticipated skills required to round out the capabilities of the Board. As at the date hereof, none of the members of the Board are women.

The Board does not consider the level of representation of women in executive officer positions when making executive officer appointments and has not adopted a specific target regarding women in executive officer positions; however, Cequence is an equal opportunity employer committed to treating people fairly, with respect and dignity, and to offering equal employment opportunities based upon an individual's qualifications and performance. Candidates for employment are selected based on the primary considerations of experience, skill and ability. As at the date hereof, none of the executive officers of the Company are women.
